The Chain of Events

A few months ago while bathing in the Sun it occurred to me that there is a chain of events that takes place driven by numbers that occur in the teachings and in the narrative of this overall situation of our sojourn here in the wilderness in North America. These events are driven by particular numbers that start with the number 12. The beginning of events in the past have been known to start with the number 12, such as the 12 major scientists and Jesus and the 12 disciples.

The next number is 10,000 which is said to be the number of the 10,000 angels of understanding that are to come from among the Dead according to The Most Honorable Elijah Muhammad in the Theology of Time lectures. This number 10,000 was also referenced by Brother Minister Jabriel Muhammad who spoke extensively on the subject. He stated that the gathering of the 10,000 starts the chain of events. I believe that the Honorable Minister Louis Farrakhan speaking at Bro. Jabriel's Janazah said that an aspect of his mission was to assemble the 10,000.

The Chain of Events

The next number that comes to mind is the 50,000 according to what The Most Honorable Elijah Muhammad said that he needed 50,000 laborers to raise the Dead Nation. He also said that at some point The Honorable Minister Louis Farrakhan would have to hold laborers' meetings at Soldier Field. Soldier Field has a standard football seating capacity of 61,500. This makes it the smallest stadium in the National Football League (NFL).

The next number in the sequence is the 144,000 that is to be the number of believers that will ultimately impact and pull the rest of the nation. These are referred to as the star witnesses to the Apostle in the cause of Truth.

Next in the sequence is a number that emerges from The Honorable Elijah Muhammad when he said that he knew the year he would have 10 million followers. There is also a reference in the problem book of our lessons where we are taught that an atom was cracked into 10 million parts.

The Chain of Events

The next number that comes to mind is 17 million. The 17 Million correlates with 144,000. The square root of 144 is 12 and if you cube 12 it equals 1,728. This 17 correlates to the 17 Million number that we will have once you cube the Nation. It also stated in the Student Enrollment that the 17 million with the 2 million Indians makes 19 million. I am not sure how this thought corresponds as of yet, but I am aware that the Honorable Minister Louis Farrakhan's experience happened on the 17th of September and two days later it was brought back to his mind on the 19th of September.
